- **Cloud:** Vercel, Netlify

Projects

ShopNest – E-Commerce Website

[Live Link]

Developed reusable React components for product listings, navigation, and cart, integrating wishlist and price comparison using state management. Implemented responsive layouts with Bootstrap and CSS, dynamic pages with React Router, and added search and filtering using local JSON/API for a smooth user experience.

StayNova – Hotel Booking

[Live Link]

A modern, production-ready hotel booking web app built with React.js, Tailwind CSS, and JavaScript. It offers a fully responsive UI, dynamic routing, real-time search and booking, mock API integration with MirageJS, skeleton loading for smooth UX, and end-to-end testing using Cypress. Deployed on Vercel for fast and reliable performance.

FluxBank – Digital Banking Web

[Live Link]

A modern, responsive digital banking app built with React.js, offering secure account management, create account, fund transfers, deposits, and withdrawals in an intuitive, user-friendly interface. Focused on clean UI, efficient state management, and seamless navigation for a smooth banking experience.

Internship

Web Development Intern – CN Digital, Ranchi

March – May 2025

Worked on front-end development using HTML5, CSS3, JavaScript, and Bootstrap to build responsive, interactive web.
